FROM :
Chief, Management Staff, ODP

SUBJECT : Agency Review of Proposed Federal
Information Processing Standards
Publications

REFERENCE : Memo to Deputy Directors from D/ODP
dtd. 23 May 1979, subject: Senior
Agency Management Official for Federal
Information Processing Standards
(ODP-9-810)

1. The referent memorandum announced that Mr. Bruce T. Johnson, Director of Data Processing (D/ODP), had been designated Senior Management Official for Federal Information Processing Standards in this Agency. The memorandum also highlighted the recent and proposed activities of the U.S. Department of Commerce (USDC) and National Bureau of Standards (NBS) to revitalize the Federal Information Processing Standards, FIPS PUBS. The attachments to the reference contained details about these matters.

2. The Assistant Secretary for Science and Technology, USDC, asked D/ODP to review and comment on their Computer Science and Technology Plan, especially those aspects where this Agency has an interest, and also, to review and comment on their Guide for the Implementation of Federal Information Processing Standards for Acquisition and Design of Computer Products and Services. Comments were solicited on both the organization and usefulness of the Guide.

3. I have attached a copy of the two documents for your review. Would you send me your comments on them by 11 June 1979 so that I can develop an Agency response to NBS.
